Sicily Aeolian Islands

2018

Sicily is a wonderful place to visit, a unique culture with a long history of different rulers and civilisations. Causing a tapestry of people, architecture and wonderful food of all eras.

It has great sailing conditions and breath taking surroundings. Vulcanoes, black beaches and Italian fisher villages. The Aeolian islands are formed of seven islands. Lipari is the largest and has a lively main street with shops and restaurants, Stromboli with its vulcano and black beaches, Salina is green and lush. It has steep ragged cliffs surrounding it.

Program suggestion, depending on wind and weather:

Day 1: Boarding and de-boarding in Palermo

Day 2: Palermo – Cefalu (30NM)

Day 3: Cefalu – Isola Vulcano (50NM) – a long sailing day

Day 4: Isola Vulcano – Isola Lipari (10NM)

Day 5: Isola Lipari – Isola Stromboli – Isola Panera (10NM)

Day 6: Isola Panerea – Isola Salina (10 NM)

Day 7: Isola Salina – Palermo (70NM) – a long sailing day

But of course you are welcome to change this any way you prefer.

For example sailing the Sicilian coastline boarding in Catania and sailing past Mt. Etna, Taormina, Syracuse and a lot more.
